EXECUTIVE SUMMARY

Executive Summary

1. Background: In furtherance of the United States Government’s (USG or the Government) commitment to provide vaccines to countries worldwide for the global fight against the COVID-19 pandemic, USAID expects to procure up (b) (4) doses of Pfizer vaccine to combat the SARS CoV-2 Virus in low- and middle-income countries within the COVAX AMC 92 and the AU in coordination with Gavi, the Global Vaccine Alliance) and COVAX. The Government has determined that DOD will support this procurement through an assisted acquisitions process led by the Joint Program Executive Office for Chemical, Biological, Radiological and Nuclear Defense (JPEO CBRND). This requirement is responding to the continuing outbreak of COVID-19, which is ravaging countries worldwide. On January 30, 2020, the International Health Regulations Emergency Committee of the World Health Organization (WHO) declared the outbreak a public health emergency of international concern (PHEIC). On January 31, 2020, the Health and Human Services Secretary declared a public health emergency (PHE) for the United States to aid the nation’s healthcare community in responding to COVID-19. On March 11, 2020, WHO publicly characterized COVID-19 as a pandemic. On March 13, 2020 the President of the United States declared the COVID-19 outbreak a national emergency. As of June 29, 2021, the World Health Organization reports 181,176,715 confirmed cases of COVID-19 and 3,930,946 deaths. To end the pandemic, equitable access to safe and effective vaccines is critical.
2. This action has a total Firm Fixed Price value of (b) (4) inclusive of all options. At this time, CLINs 0001, 0002, and 0003 funded in the amount of (b) (4).
3. The Representations and Certifications made by Pfizer in the System for Award Management (SAM) are hereby incorporated into this contract by reference.

SMALL BUSINESS SUBCONTRACTING PLAN

(Model Outline* – Template Revised 10/20/2020)

* This template is a **suggested** model for use when formulating a subcontracting plan pursuant to the requirements at FAR 52.219-9(d). While this model plan has been designed to be consistent with FAR 52.219-9, other formats may be acceptable. However, failure to include the essential information as set forth in this model may be cause for either a delay in acceptance or the rejection of an offer where the clause is applicable. Further, the use of this model is not intended to waive other requirements that may be applicable under FAR 52.219-9 or that may appear in the Government's solicitation. "SUBCONTRACT," as used in 52.219-9, **refers to your external company spend**, meaning any agreement (other than one involving an employer-employee relationship) entered into by a federal government prime contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

SUBCONTRACTING PLAN PERIOD: January 1, 2021 – December 31, 2021

Individual plans should cover the entire period of performance, and **commercial plans should coincide with the company's fiscal year**. In the event your company's fiscal year is for a period that will end before the contract periods of any federal contracts you hold which include the requirement to have a small business subcontracting plan, **you will be required to submit a new subcontracting plan for approval thirty (30) days prior to expiration of the existing subcontracting plan**. In the event an acceptable plan cannot be negotiated prior to expiration of the existing subcontracting plan, your contract(s) may be terminated.
