# Global Bidding and Assignment System (GBAS) Pilot 2015 - 2016

*International Positions Available!*

# HHS commitment to global service starts with you

## Vision Statement

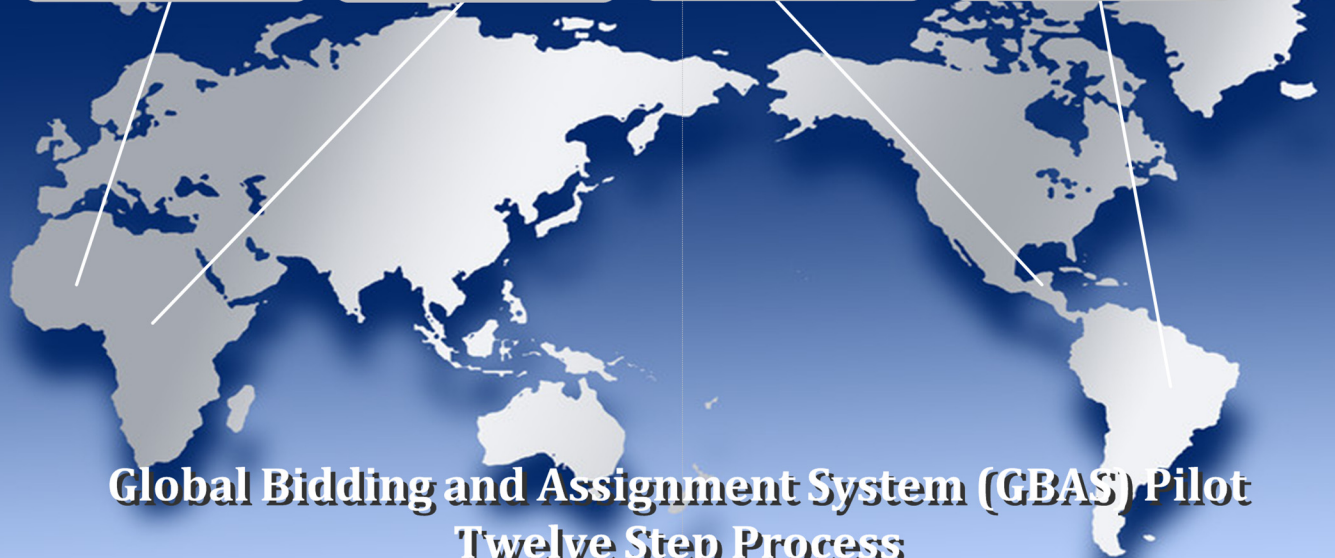

*HHS has a model global health staffing process which allows in-depth assessment and selection of top candidates, timely medical and security clearances; required trainings; and readiness to deploy when vacancies occur on a regular annual cycle.*

## Global Bidding and Assignment System (GBAS) Pilot 2015 - 2016

*An HHS-wide internal recruitment, assessment, selection, clearance, training, and assignment system to fill positions faster. Status permanent employees and current Commissioned Corps Officers are eligible to apply for lateral reassignments / details. This pilot will have jobs in the following series, 301, 685, 602 and 601.*

## Goal of GBAS Pilot

*Develop a pool of qualified internal, permanent candidates who are ready to deploy on short notice for long-term overseas assignments to deliver on our escalating global public health mandates.*

## Global Bidding and Assignment System (GBAS) Pilot Twelve Step Process
