MEMORANDUM FOR THE RECORD

SUBJECT: Ethics Agreement

In order to avoid any financial conflict of interest in violation of 18 U.S.C. § 208(a) or the appearance of a financial conflict of interest as defined in the Standards of Ethical Conduct for Employees of the Executive Branch, 5 C.F.R. § 2635.502, and to adhere to the Ethics Pledge instituted by Executive Order 13770 issued on January 28, 2017, and entitled "Ethics Commitments by Executive Branch Appointees" (the Ethics Pledge), I am issuing the following statement.

I understand that as an appointee I must sign the Ethics Pledge and that I will be bound by the requirements and restrictions therein even if not specifically mentioned in this or any other ethics agreement.

Before beginning my covered Federal position, I resigned from my non-Federal positions with the Association of State and Territorial Health Officials (ASTHO) and the State of Georgia on July 6, 2017. Pursuant to the Ethics Pledge, I will not, for a period of two years from the date of my appointment to my covered Federal position, participate in an official capacity in any particular matter involving specific parties that is directly and substantially related to ASTHO, unless an exception applies or I am granted a waiver. I understand that this provision in the Ethics Pledge does not apply to state government entities, including the State of Georgia. Even when the two-year restriction of the Ethics Pledge does not apply, under 5 C.F.R. § 2635.502, I will not, for a period of one year from the date of my resignation from ASTHO and the State of Georgia, participate in any particular matter involving specific parties in which ASTHO or the State of Georgia is a party or represents a party, unless I am first authorized to participate, pursuant to 5 C.F.R. § 2635.502(d).

As required by 18 U.S.C. §208(a), I will not participate personally and substantially in any particular matter that has a direct and predictable effect on my financial interests or those of any person whose interests are imputed to me, unless I first obtain a written waiver pursuant to section 208(b)(1) or qualify for a regulatory exemption, pursuant to section 208(b)(2). I understand that the interests of the following persons are imputed to me: any spouse or minor child of mine; any general partner of a partnership in which I am a limited or general partner; any organization in which I serve as officer, director, trustee, general partner or employee; and any person or organization with which I am negotiating or have an arrangement concerning prospective employment.

My spouse owns a consulting company, Thomas E. Fitzgerald III MD Inc. I will not participate in any particular matter, including both matters of general applicability as well as those involving specific parties, that will affect my spouse's compensation, either from his consulting company or consulting clients for whom he personally provided consulting services. In addition, I will not participate in any particular matter involving specific parties in which my spouse's consulting company, or any of my spouse's consulting clients, is a party or represents a party, unless authorized pursuant to 5 C.F.R. § 2635.502(d).

I (through my spouse) have financial interests in GW Ventures LLC and Greenway Messenger LLC, which are limited liability companies formed for the purpose of investing in, respectively, Greenway Health LLC, a health information technology (electronic health records) company, and Isomune, a biotech startup focusing on early cancer detection by using custom bioinformatics algorithms to analyze cell RNA sequencing data to identify tumor-specific molecules. My holdings in GW Ventures and Greenway Messenger have transferability restrictions, both legal and contractual, that make these interests currently illiquid. In the interest of keeping recusal obligations to a minimum, I will continue to be alert to any future opportunities for the interests to be liquidated or transferred; however, for as long as my spouse or I continue to hold these interests, I will not participate personally and substantially in any particular matter that has a direct and predictable effect on the financial interests of GW Ventures or Greenway Messenger, or, by extension, the companies in which they have invested, Isomune and Greenway Health. This recusal obligation will result in my recusal from many particular matters in the area of cancer detection and in the area of health information technology, including electronic health records and practice management/revenue cycle software for medical practices. I agree to monitor all investment information regarding GW Ventures and Greenway Messenger, and if there are changes in the financial interests of these entities, provide such information to the Ethics Division of the Office of the General Counsel at HHS for their review to ensure that no conflicts have arisen.

I understand that the Office of Government Ethics (OGE) may issue a Certificate of Divestiture (CD) under the authority of the Internal Revenue Code, 26 U.S.C. § 1043, and implementing OGE regulations at 5 C.F.R. Part 2634, Subpart J. The rules operate not by eliminating the capital gains tax, but merely by deferring its imposition. For such deferral to be approved, the proceeds from the sale of the conflicting assets must be reinvested in permitted property within sixty (60) days: (1) any obligation of the United States; or (2) any diversified investment fund, defined as any open-end mutual fund that does not concentrate its investments in any particular or limited industrial, economic, or geographic sectors. The basis of the acquired assets is adjusted to a lower figure to reflect the nonrecognized gain. I understand that a CD is effective only if obtained prior to divestiture. Regardless of whether I receive a CD, I will ensure that all divestitures discussed in this agreement occur within the agreed upon timeframes and that all proceeds are invested in non-conflicting assets.

I have reported financial interests in the following entities for which I intend to request a CD, and which I will divest within 90 days of my appointment, regardless of whether I am granted a CD:

With regard to each of these entities, I will not participate personally and substantially in any particular matter that has a direct and predictable effect on the financial interests of the entity until we have divested it, unless I first obtain a written waiver, pursuant to 18 U.S.C. § 208(b)(1), or qualify for a regulatory exemption, pursuant to 18 U.S.C. § 208(b)(2).

In order to avoid the potential for conflicts of interest during my appointment, I agree that I (and anyone whose financial interests are imputed to me, such as a spouse or minor children) will not acquire any further financial interests in entities listed on the FDA prohibited holdings list or in entities involved, directly or through subsidiaries, in the following industries: (1) research, development, manufacture, distribution, or sale of pharmaceutical, biotechnology, or medical devices, equipment, preparations, treatments, or products; (2) veterinary products or cosmetics; (3) healthcare management or delivery; (4) health, disability, or workers compensation insurance or related services; (5) food and/or beverage production, processing or distribution; (6) communications media; (7) computer hardware, computer software, and related internet technologies; (8) wireless communications; (9) social sciences and economic research organizations; (10) energy or utilities; (11) commercial airlines, railroads, shiplines, and cargo carriers; or (12) sector mutual funds that concentrate their portfolios in any of these sectors or on one country other than the United States.

If I have a managed account or otherwise use the services of an investment professional during my appointment, I will ensure that the account manager or investment professional obtains my

prior approval on a case-by-case basis for the purchase of any assets other than cash, cash equivalents, investment funds that qualify for the exemption at 5 C.F.R. § 2640.201(a), or obligations of the United States.

A copy of this memorandum will be distributed to the appropriate personnel to enable them to assist in screening matters that may involve my participation and which may be implicated by the above disqualification provisions. Matters from which I am disqualified should be referred to Sherri Berger, Chief Operating Officer, without my knowledge or involvement. In order to ensure that this ethics agreement continues to be effective, I will take the following steps in the future: (1) I will revise and update this memorandum whenever that is warranted by changes in my financial interests or other changed circumstances, and provide the OGC Ethics Division with a copy; and (2) I will advise my immediate administrative staff of any such changes.
