Describe the specific purpose for the OPDIV use of the third-party Website or application:

Our project goal is to increase access and awareness to targeted resources in the community by meeting with participants and support groups to find and develop information on where and how high-risk populations can access suicide prevention services including specific resources that target high-risk populations in the Great Plains Area. To increase the resiliency of the youth population, Positive Childhood Education programs will be identified and recommended to Bureau of Education, Tribal, and Public schools located in the Great Plains Area for incorporation. We will use Survey Monkey (the third party web application) to make surveying these participants electronic, able to be shared commonly, and collect the information in a standard manner. No Protected Health

Information (PHI) or Personally Identifiable Information (PII) is collected. The feedback will be used to help us determine how to best develop resilience in indigenous youth throughout the Great Plains Area.
