Agency Information Collection Request; 60-Day Public Comment Request

AGENCY: Office of the Secretary, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed information collection request for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information

technology to minimize the information collection burden.

To obtain copies of the supporting statement and any related forms for the proposed paperwork collections referenced above, email your request, including your address, phone number, OMB number, and OS document identifier, to *Sherette.funncoleman@hhs.gov*, or call the Reports Clearance Office on (202) 690-5683. Written comments and recommendations for the proposed information collections must be directed to the OS Paperwork Clearance Officer at the above email within 60 days.

Proposed Project: Institutional Review Board Form—Extension—OMB No. 0990-0279—Office for Human Research Protections.

Abstract: The Office for Human Research Protections (OHRP) and the Food and Drug Administration (FDA) are requesting a three-year extension of the OMB No. 0990-0279, Institutional Review Board (IRB) Registration Form. This form was modified in 2009 to be consistent with IRB registration requirements that were adopted in July 2009 by OHRP and FDA, respectively. Respondents for this information collection are institutions or organizations operating IRBs designated by an institution under an assurance of compliance approved for federalwide use by OHRP under 45 CFR 46.103(a) and that review human subjects research conducted or supported by HHS, or, in the case of FDA's regulation, each IRB in the United States that reviews clinical investigations regulated by FDA under sections 505(i) or 520(g) of the Federal Food, Drug and Cosmetic Act; and each IRB in the United States that reviews clinical investigations that are intended to support applications for research or marketing permits for FDA-regulated products.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
IRB Registration—0279	6,100	2	1	12,200
	900	2	1	1,800
Total	14,000

HIT Standards Committee; Schedule for the Assessment of HIT Policy Committee Recommendations

AGENCY: Office of the National Coordinator for Health Information Technology, HHS.

ACTION: Notice.

SUMMARY: Section 3003(b)(3) of the American Recovery and Reinvestment Act of 2009 mandates that the HIT Standards Committee develop a schedule for the assessment of policy recommendations developed by the HIT Policy Committee and publish it in the **Federal Register**. This notice fulfills the requirements of Section 3003(b)(3) and updates the schedule posted in the **Federal Register** on May 4, 2011. In anticipation of receiving recommendations originally developed by the HIT Policy Committee, the HIT Standards Committee has created four (4) workgroups to analyze the areas of clinical quality, clinical operations, implementation, and privacy and security. Other groups are convened to address specific issues as needed, such as the Nationwide Health Information Network Power Team, the Consumer/Patient Engagement Power Team, and the Vocabulary Task Force.

HIT Standards Committee's Schedule for the Assessment of HIT Policy Committee Recommendations is as follows:

The National Coordinator will establish priority areas based in part on recommendations received from the HIT Policy Committee regarding health information technology standards, implementation specifications, and/or certification criteria. Once the HIT Standards Committee is informed of those priority areas, it will:

(A) Direct the appropriate workgroup or other special group to develop a report for the HIT Standards Committee, to the extent possible, within 90 days, which will include, among other items, the following:

(1) An assessment of what standards, implementation specifications, and certification criteria are currently available to meet the priority area;

(2) an assessment of where gaps exist (*i.e.*, no standard is available or harmonization is required because more

than one standard exists) and identify potential organizations that have the capability to address those gaps; and

(3) a timeline, which may also account for NIST testing, where appropriate, and include dates when the HIT Standards Committee is expected to issue recommendation(s) to the National Coordinator.

(B) Upon receipt of a report from a workgroup or other special group, the HIT Standards Committee will:

(1) Accept the timeline provided by the subcommittee, and, if necessary, revise it; and

(2) Assign subcommittee(s) to conduct research and solicit testimony, where appropriate, and issue recommendations to the full committee in a timely manner.

(C) Advise the National Coordinator, consistent with the accepted timeline in (B)(1) and after NIST testing, where appropriate, on standards, implementation specifications, and/or certification criteria, for the National Coordinator's review and determination whether or not to endorse the recommendations, and possible adoption of the proposed recommendations by the Secretary of the Department of Health and Human Services.

The standards and related topics which the HIT Standards Committee is expected to address over the coming year include, but may not be limited to: Quality measurement; the extended portfolio of standards for the nationwide health information network; distributed queries and results; radiology; consumer-mediated information exchange; public health; data portability; and a process for the maintenance of standards.

For a listing of upcoming HIT Standards Committee meetings, please visit the ONC web site at <http://healthit.hhs.gov>.

Notice of this schedule is given under the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5), section 3003.

Dated: April 11, 2012.

MacKenzie Robertson,

FACA Program Manager, Office of Policy and Planning, Office of the National Coordinator for Health Information Technology.
