National Center for Health Workforce Analysis

<https://bhw.hrsa.gov/national-center-health-workforce-analysis>

The screenshot displays the HRSA Health Workforce website interface. At the top, a dark blue header contains the text "Health Resources & Services Administration" and "Explore +". Below this is the HRSA logo and a search bar with a magnifying glass icon and a link to "Advanced Search". A horizontal navigation menu includes "Health Workforce Analysis", "Shortage Designation", "Grants", "Loans & Scholarships", "National Practitioner Data Bank", and "About BHW". Social media icons for Facebook, YouTube, Email, and Twitter are also present. A breadcrumb trail shows "Home > National Center for Health Workforce Analysis".

National Center for Health Workforce Analysis

About NCHWA

We lead, monitor and serve as a national resource for health care workforce projections of supply and demand. We coordinate the collection and analysis of performance data and evaluation of BHW programs.

Health Workforce Data

Includes a web-based Nursing Health Workforce Model, health workforce surveys, U.S. Area Health Resources Files, policy, and data sources.

Research Findings

Information on health workforce research, research centers, the U.S. Health Workforce Chartbook, and BHW program accomplishments.

At the bottom, a footer contains three buttons: "Quick Links", "Learn About NHSC", and "Contact Us".

WORKFORCE PROJECTIONS

The National Center for Health Workforce Analysis released two new projection reports of interest:

- National and Regional Projections of Supply and Demand for Geriatricians: 2013-2025
- Supply and Demand Projections of the Nursing Workforce: 2014-2030

All can be found on our website:

Geriatrics Workforce Enhancement Program

Academic Year 2016-2017

HRSA is the primary federal agency for improving health care to people who are geographically isolated or economically or medically vulnerable. HRSA programs help those in need of high quality primary health care by supporting the training of health professionals – focusing in particular on the geographical distribution of providers to areas where they are needed most.

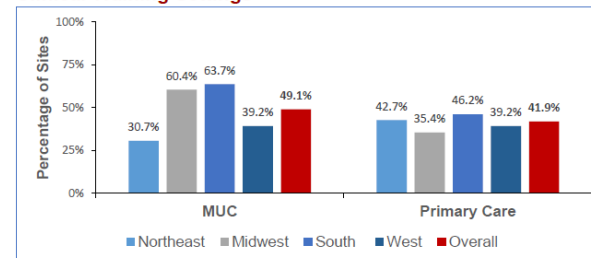

The Geriatrics Workforce Enhancement Program supports several endeavors to enhance geriatrics education and training across the health professions, with an emphasis on integrating geriatrics and primary care. Below is a descriptive summary of the characteristics and accomplishments of the grantees and individual trainees that received program support during Academic Year 2016-2017.

Select Program Characteristics

Program Region ¹	Awardees	Number of Trainees	Trainee Characteristics			Graduates/ Program Completers	
			Underrepresented Minority (URM)	Disadvantaged			
Northeast	12	9,848	1,214	12.3%	506	5.1%	3,763
Midwest	8	11,637	838	7.2%	508	4.4%	8,420
South	11	6,078	1,544	25.4%	1,387	22.8%	5,885
West	13	2,519	556	22.1%	551	21.9%	2,046
Overall	44	30,082	4,152	13.8%	2,952	9.8%	20,114

Note: Program regions are based on U.S. Census Bureau definition.
