

ACHDNC Condition Review Capacity – Initial Discussion

February 11, 2022

ACHDNC Condition Review Capacity

Background:

- The Committee is budgeted to conduct two evidence-based reviews per year.
- The Nomination & Prioritization (N&P) Workgroup has well defined criteria to review nomination packages.
- The N&P Workgroup does not have defined criteria for the prioritization of nominated conditions.
- The N&P Workgroup has a finite capacity to review nomination packages.

Discussion

- What could this process look like?
 - Criteria for prioritization?
 - How could a condition not prioritized to move forward advance?
- N&P Workgroup capacity?
- Other considerations?

Next Steps

- Form a workgroup comprised of current and former Committee members to develop criteria and a process for prioritizing the review of nomination packages.
- Gather Committee member and organizational representative input throughout the process.
