Organizational Update  
Regarding Covid- 19

# How Is the Rare Disease Community Being Supported?

Cure SMA thanks our generous donors and sponsors, whose contributions make this effort possible. A special thanks to AveXis, Biogen, Genentech, and Ionis for their additional support of Cure SMA's new COVID-19 Support Programs.

# Navigate Newborn Screening

An Expecting Health Program

*Learn + Connect + Advocate*

The screenshot displays the Expecting Health website interface. At the top left is the logo and name 'Expecting Health'. On the right side of the header are icons for search, email, user profile, and a menu. The main content area features a dark blue banner with an open book icon and the text 'Full Module List' and 'See a complete list of available courses'. Below this are three dark blue buttons: 'Resume' (with a refresh icon) for 'Coronavirus (COVID-19): What Can You Do?', 'My Courses' (with a book icon) for 'See courses you are enrolled in', and 'Resources' (with a document icon) for 'Browse or download resources'. A 'Featured Modules' section at the bottom shows two cards. The first card, 'Coronavirus (COVID-19): What Can You Do? Educational Module', has a 'Resume' button. The second card, 'Navigate Newborn Screening Educational Module', has a 'Re-enroll' button. A teal rocket icon is positioned to the right of the featured modules.

*Our new COVID-19 educational module is available now!*

# Activities to Support Families and Stakeholders

- Family Support Webinar with CureSMA and Hands and Voices Organizations
- Updated Family Friendly Covid-19 and NBS Resources
- New Learning Module For Families

\*Using Ask An Expert infrastructure for specific NBS and COVID questions.
