A Message Regarding Potential PHS Refund

Recently, Strides Pharma, Inc. completed a restatement of government pricing values for multiple quarters. These restatements impacted the Public Health Service pricing on certain drugs that were purchased between 7/1/2020 and 3/31/2022. Strides Pharma, Inc. has identified all Covered Entities that may be owed a refund for purchases during this timeframe and is in the process of directly contacting any Covered Entity owed a refund greater than \$50.00 by U.S. mail.

Strides Pharma, Inc. is also committed to issuing a refund to any Covered Entity that was overcharged on a PHS purchase made between 7/1/2020 and 3/31/2022 that was not contacted directly via U.S. mail – this includes Covered Entities owed a refund of less than \$50.00.

Covered Entities that wish to inquire can do so by emailing rebates@prescriptionanalytics.com by October 11, 2022. The Covered Entity will be asked to provide proper documentation of an overcharge during the relevant time period. However, Strides is committed to working with eligible covered entities to determine if there was over payment and issue the appropriate refund owed, if any.

Refund checks will be issued to the facility and matching Federal Tax ID number.

The Table below reflects all products where 340B Public Health Service pricing was affected. This includes quarter years 1Q20 – 4Q20, 1Q21-4Q21 and 1Q22.
