

Discussion of Evidence Review Report

Krabbe Disease

19th Meeting of the ACHDNC

September 24-25, 2009

Possible Recommendations

Recommend adding the condition to the core panel

Recommend not adding the condition to the core panel

Recommend not adding the condition, but instead recommend additional studies

Recommend not adding the condition now

Category	Recommendation	Level of Certainty	Magnitude of Net Benefit
1	Recommend adding the condition to the uniform panel	Sufficient	Significant
2	Recommend not adding the condition to the uniform panel	Sufficient	Zero or net harm
3	Recommend not adding the condition, but instead recommend additional studies	Insufficient, but the potential for net benefit is compelling enough to recommend additional studies to evaluate	Potentially significant, and supported by contextual considerations
4	Recommend not adding the condition now	Insufficient, and additional evidence is needed to make a conclusion about net benefit	Potentially significant or unknown
