Re: Alternative Distribution Plan for the following generic Products:

- Bexarotene Capsules 75mg 100ct (NDC 68682-0003-10)
- Metformin Hydrochloride ER Tablets, 500mg (NDC 68682-0021-50)
- Metformin ER Tablets, 1000mg (NDC 68682-0018-90)

Dear 340B Entity:

Beginning April 1, 2020, Bausch Health is moving distribution of the above-referenced products for 340B covered entities, 340B contract pharmacies, and retailers purchasing at non-340B prices to a direct distribution structure. This alternative distribution plan will provide our customers with efficient access to purchase our products directly from Bausch Health. A third-party service provider, R&S Solutions, LLC, will be used to accept orders and provide logistics, invoicing, and customer support. The purpose of this letter is to provide 340B covered entities with information about Bausch Health's new direct purchasing model for these products to ensure uninterrupted access to these products at the statutory ceiling price.

Under Bausch Health's new direct distribution model for the above-referenced products, 340B covered entities, contract pharmacies, and non-340B purchasers that do not have a contracted price from Bausch Health will be able to access these products only directly from Bausch Health through R&S Solutions, which will act as the exclusive national service provider to Bausch Health for direct purchasing. Bausch Health will ensure equal access to these products for both 340B and non-340B customers.

Since Bausch Health is selling these products directly, any customer without contracted pricing from Bausch Health, including 340B covered entities, will need to register eligible site(s) by visiting [www.rssolutions.com](http://www.rssolutions.com). Covered entities using a Third-Party Administrator (TPA) to manage orders and inventory may continue to use their current system if that TPA has previously registered with R&S Solutions. You may check with your TPA to determine if it is already connected to R&S Solutions or you may visit the R&S Solutions website for a list of registered TPAs. If your TPA is not currently connected with R&S Solutions, you may directly contact R&S, which can work with your TPA to facilitate enrollment and EDI connectivity. You may also place orders online or via phone by calling R&S Solutions directly at (855) 655-7556. Please note that all purchasing customers, 340B and non-340B, should visit the R&S Solutions website to register their account in advance of placing an order.
