Notice Regarding Recalculated 340B Ceiling Prices for 1Q2017

Johnson & Johnson Health Care Systems Inc., (JJHCS) on behalf of Johnson & Johnson companies participating in the 340B program (Janssen Pharmaceuticals, Inc., Janssen Biotech, Inc., Janssen Products LP, Patriot Pharmaceuticals LLC, and Scios, LLC.) (J&J Companies) has asked the Office of Pharmacy Affairs (OPA) to post this notice on OPA’s public website to ensure transparency.

J&J Companies have revised 1Q2017 340B pricing on covered outpatient drugs. Pricing was corrected on February 10, 2017, and we are issuing refunds to all affected 340B customers for sales January 1, 2017 through February 9, 2017.

In 4Q2016, CMS notified manufacturers that the Department of Labor updated certain the monthly CPI-U values which are used in the calculation of the inflation penalty portion of the Medicaid Unit Rebate Amount (URA) for single source (S) and innovator multiple source (I) drugs. One such update was to the CPI-U value for June 2016, which was used in the S/I URA calculations for 3Q2016. This update also impacted 1Q2017 340B ceiling prices.

We have identified 81 NDCs with 340B price changes. The price changes are small with all being less than 0.5%; but given the volume of transactions we wanted to be fully transparent and share this detail with covered entities.

JJHCS will be communicating with and issuing refund adjustments through the wholesalers that submitted the original sale on behalf of the 340B covered entities. If you feel you have not received an appropriate adjustment, please contact JJHCS at 732-562-3348.
